SITUATION IN RUSSIA

(Continued from page 1.)

St. Petersburg, Oct. 25.—Radical ac-
 tion looking toward a continuation of
 the strike until the demands of the
 workmen are accepted was taken at
 a meeting last night. Speeches of
 the most revolutionary character were
 made and wildly applauded. "Congress
 sent deputations to Prince Killkoff,
 minister of railways, and Count Witte
 to present an address demanding re-
 forms, including a constituent assem-
 bly elected by universal suffrage. In
 the address the workmen declared
 "the time for settlement of matters of
 vital importance by the administration
 had now past. The country must
 not be forced in to the revolt. People
 have lost enough blood already in
 Manchuria and Lico and now being
 shed in every city and village of Rus-
 sia." The deputation did not see Kil-
 koff. Witte received the deputation.
 He told the workmen that a con-

stitution assembly such as they pro-
 posed was an impossibility at present.
 He promised that liberty of the press
 and freedom of meeting would be
 granted in the near future. The con-
 tinued application of martial law to
 the railways, he explained, as being
 due to a misunderstanding which
 would shortly be removed. "I am the
 adversary of persecution and blood-
 shed," said the count, "and a partisan
 who favors the greatest amount of
 liberty, but I advise you to stop the
 strike and then elaborate pacific con-
 ditions."

Taft on Japan.

New York, Oct. 25.—The feeling of
 the Japanese has not been changed as
 a result of the recent war with Russia,
 but still tends toward western beliefs
 and civilization. This opinion was ex-
 pressed by Secretary of War Taft in
 an interview which will appear in the
 Churchman. The secretary says that
 as a result of the war just concluded

 prosperity. He believes that the pres-
 ent era of prosperity may be followed
 after some years by the same sort
 of depression the United States has
 after the war.

DAMAGE SUIT

Against the Iroquois Proprietors Com-
 menced at Chicago.

Chicago, Oct. 25.—The first damage
 suit against the proprietors of the
 Iroquois theater, which was burned
 Dec. 30, 1903, has been commenced in
 the United States circuit court before
 Judge Landis. Edna Shunter, who
 was badly injured in the fire, has
 brought suit for \$25,000 damages
 against the theater company and the
 George A. Fuller construction com-
 pany, which erected the building. Two
 weeks have been occupied in securing
 a jury. Attorney Charles C. Spencer
 made the opening statement for the
 plaintiff. He declared to the jury that
 he would show that the building ordi-
 nances were grossly violated by the
 theater proprietors. This suit is con-
 sidered by lawyers to be of great im-
 portance. Hundreds of other suits
 aggregating millions of dollars in dam-
 ages have been brought, and the evi-
 dence given and the verdict to be ren-
 dered in this first trial is of momen-
 tous consequences to all concerned.

CURRENT THEATRE NEWS.

McIntire and Heath for year popular
 entertainers in vaudeville have been
 placed successfully before the public
 this season as musical comedy stars
 by Klaw and Erlanger. "The Ham
 Thee" is the name of the vehicle in
 which this advance has been made.
 McIntire and Heath's negro comedy is
 said to be unsurpassed.

The Rogers Brothers are capering
 this season in Ireland and have desig-
 nated their production as "The Rog-
 ers Brothers in Ireland." All the char-
 acters in the piece except the Rogers
 Brothers use the Irish brogue. The
 settings are of the customary elabor-
 ate nature.

Joseph Cawthorne who stirred up
 the whirlwind of fun in "The Sleeping
 Beauty and the Beast" and "Mother
 Goose" is this season starring in John
 J. McNally's new musical comedy "In
 Tammam Hall." It is a Klaw and Er-
 langer production.

Each summer of recent years, Chi-
 cago has produced a meritorious mu-
 sical comedy or comic opera of some
 sort or other that attained to such suc-
 cess that it held on for the winter se-
 son, and several seasons after that.
 This summer it was "The Land of
 Nod," a musical extravaganza. This
 piece is said to be invested with a col-
 orful atmosphere, original and allur-
 ing. More than this it is reported that
 the fun is not hackneyed.

Maxine Elliott's new play "Her Great
 Match" concerns the love affair be-
 tween a commoner and the heir to the
 Russian kingdom. Although this
 theme is not a new one it has been
 deftly revitalized. John Corbin the ex-
 acting critic of the New York Sun,
 says: "That Mr. Fitch has triumphed
 over his materials is the strongest
 possible evidence of the vitality and
 exuberance of his gift in sentimental
 comedy. The house was filled to the
 roof the night I saw the play and was
 manifestly amused and touched."

"Babes in Toyland" one of the promi-
 nent musical extravaganzas of the
 past season takes to the road this
 year. The company carried is one of
 the largest on the stage. The charac-
 ters of the piece are those made fami-
 liar by the stories of childhood. Its
 success in New York and Chicago pre-
 vented its presentation in other than
 these metropolitan centers, until this
 year.

John Philip Sousa and his band have
 been accepted by the American public
 as one of the standard entertainments
 whose attraction does not diminish
 with the years. They are being as lib-
 erally patronized on their tour this
 year as ever before.

George Ade's clever comic opera,
 "The Shogun," took the foremost
 place among the hits of last year on
 the road. It is proving as popular this
 year. It's satire on different phases of
 American life contrasted with the an-
 tiquated methods in Korea never fails
 to amuse the genuine American sense
 of humor. The essence of all the fun
 it creates is American. This explains
 its unusual popularity.

Mr. E. H. Sothern and Julia Mar-
 lowe opened their season at Cleveland
 the past week. As announced they will
 adhere to Shakespearean productions.
 Their new offering is "The Merchant
 of Venice." It is Mr. Sothern's first ap-
 pearance as Shylock and Miss Mar-
 lowe's first appearance as Portia. The
 stage settings as with all of Mr. Sothern's
 productions do not fall short of the
 gorgeous. Nearly one hundred and
 fifty people are used in the perform-
 ance.

Hall Caine seems to have no reason
 to fear for the future of his latest play
 "The Prodigal Son." On its road it is
 being greeted by large and enthusias-
 tic audiences. Another of his plays,
 "The Eternal City," which is now in its
 third season, still continues to draw
 large audiences.

This season Mr. William Faversham
 has forsaken Princes and problem plays
 and is starting in a drama treating of
 Indian and American life. The title
 is "The Squaw Man." It was written
 by Edgar Milton Roy. The first pro-
 duction was given in Pittsburgh last
 spring and proved quite successful.
 Mr. Faversham's leading woman is
 Miss Selene Johnson.

**Trying to Disguise the Mayoralty
Issue.**

Another characteristic effusion was
handed out by the American-Tribune's
side editor yesterday, consisting of an
assault on Mayor Crilly on more
adroit lines, though with the same ab-
sence of truth that distinguished the
former attacks emanating from that
paper. The article in question starts
out with an inquiry or innuendo as to
whether Chief of Police Sheridan has
been selected by Mayor Crilly as his
successor in office, and then winds up
by brazenly making the false charge
that he is to be the present Mayor's
candidate for the successorship.

If the Democrats made their nomi-
nations in the manner that two or
three men, of which the aforesaid
side editor of the A-T. is one, do for
the Republicans, such a charge might
be made to do service with credulous
people. But Democratic nominations
are not made by two or three bosses or
dictators, and it is only recently that
such methods have reached such a
state of machine-made perfection in
the local Republican management of
the party.

This last effusion of the A-T.'s
side editor against Mayor Crilly's ad-
ministration makes the same criticism
as that of the former articles con-
demning it, though this time much
greater caution and adroitness is ex-
ercised. The Mayor's efficiency and
splendid record for enforcing law and
order on the streets comes in for the
same condemnation as formerly, but
much more artful, cunning and cau-
tious is the language employed to dis-
guise and begot the real issue.

Stripped of all disguise, Mayor Cril-
ly's real offense consists in the effec-
tive manner that he has reformed the
conditions that existed in Newark pre-

vious to his administration. It is well
known that under conditions that then
existed it was unsafe for respectable
women to walk around the public
square after dark on account of the
large number of drunks which loitered
about the court house and on the side-
walks on the south side of the square.
As the Advocate previously stated,
Mayor Crilly began his administration
by issuing orders which at once broke
up this practice and the enforcement
of law and order on the streets has
been the Mayor's uniform policy ever
since.

One good result of this policy, and
also showing its effectiveness, is
brought out by the Mayor's record of
the amounts of money paid into the
treasury for fines collected, consisting
of the unprecedented sum of \$5,377.25
for a period of 27 months. This stands
out in contrast with the few hundreds
of dollars paid in by former Mayors
for like periods.

For all this Mayor Crilly is covertly,
though plainly, condemned, and
the Republican organ has prom-
ised that the Republicans will "rem-
edy" this "weakness."

The Advocate has already shown
that should Dr. McCleery, the Republi-
can candidate for Mayor be elected,
the evidence of his "remedy" will be
the payment of LESS MONEY into the
city treasury for fines collected. This
being a settled proposition, Dr. Mc-
Cleery has been asked the question as
to how he stands upon it, but he has
refused to answer.

The Advocate is proud to again call
attention to the fact that it has in-
dulged in no personal abuse toward
any Republican candidate, but when a
vital issue is raised in the local cam-
paign the people have the right to
know how a candidate stands upon
that issue. The more this issue is
agitated in the columns of the A-T.,
either under disguise or otherwise, the
greater will be the people's demand
that the paper's own candidate shall
be smoked out.

In an interview on Secretary Taft's
speech arraigning Cox, John M. Pat-
tison makes the following forcible
comment: "If Governor Herrick is not
subservient to Boss Cox, as Secretary
Taft says he is not, will he then fol-
low the example of Secretary Taft and
repudiate George B. Cox?"

Governor Herrick sometime ago stat-
ed that he appointed Harry Hoffheim-
er to the Superior Bench of Cincinnati,
on the advice and suggestion of
George B. Cox. And yet there are
some who still insist that Cox has no
influence with Governor Herrick.

Boss Cox of Cincinnati refuses to
be interviewed. There is an advant-
age in this. His words can't be quot-
ed against him as is so freely done in
the case of Governor Herrick and
others of the machine.

"The power secured by the boss
(Cox) and his assistants under the
machine, has undoubtedly, inured to
their pecuniary benefit, and it is seen
in their large fortunes which they
now have. How their money was made
has not been disclosed." — Secretary
Taft at Akron Saturday night.

Cox's reply: "I have nothing to say."

IS WOUNDED.

**Suspect Arrested in Connection With
a Bank Robbery.**

Hartford City, Ind., Oct. 25.—A
strange man, suffering from a wound
believed to have been inflicted with a
shotgun discharged at long range,
was found limping along the road four
miles west of this city by three resi-
dents of this city, who overpowered
the man and took him to the county
infirmary, where he is being held on
suspicion of being one of the men who
robbed the Ridgeville National bank.
The man begged his captors not to
summon a physician and refused to
explain in what manner he had been
wounded. He is well dressed and
clean shaven. He gave his name as
Isaac Copps, and said he lived at De-
catur, Ind. His hands were discolored
in a manner that indicates powder
burns.

A Tired Stomach

Does not get much good
for you out of what you
eat, for it does not digest
much—it is wasteful. It
feels sore and lame and is
easily distressed and often
upset by food. The best
treatment is a course of
Hood's Sarsaparilla
which is positively un-
equalled for all stomach
troubles.

SELLS SKETCH

How Henry Woodruff, of "The Gen-
ius and the Model" Contributes
to Charity.

In the second act of "The Genius
and the Model" Henry Woodruff, who
has become the "Great American
Genius" in the play, draws the out-
lines of a figure in awkward fashion
and with the skill of a tyro.

He laughingly declares it to be "one
of my ancestors on my mother's side."
The sketch was thrown away after the
performances until the company
reached Columbus.

The morning after the opening a
young lady called and asked if she
could buy the sketch as a souvenir.
She was told that it had already been
disposed of. An inquiry suggested an
idea to Manager Goodfriend and he
informed her that she could have the
one of the second performance for a
dollar. She said that she would be
only too happy to take it at that price.
Mr. Woodruff was communicated with
at once, and he and the manager
thought they saw a possibility of add-
ing a mite to the Actors' fund—a great
and worthy charity—as well as to add
to the joy of souvenir collectors.

So now Mr. Woodruff autographs
and dates his sketch and it finds a
ready sale at the box office after the
performance. Here is a chance for
some Newark belle to add to her col-
lection of souvenirs of matinee idols
and to help a noble charity.

Crew's Experience.

Erie, Pa., Oct. 25.—Captain Andrew
P. Jansen and his lifesaving crew of
eight men of the Erie lifesaving sta-
tion were towed into port by the tug
Desmond after 16 hours on Lake Erie
without sleep or food, the result of a
bogus call from Northeast, Pa., 16
miles east of this city. Captain Jan-
sen received the message, which
stated that a vessel off that port was
firing signals of distress. In the teeth
of a 35-mile gale the men put off in
the large boat, and nothing further
was heard from them until towed into
port, and anxiety gave way to indi-
cation when it was learned that the
call was bogus.

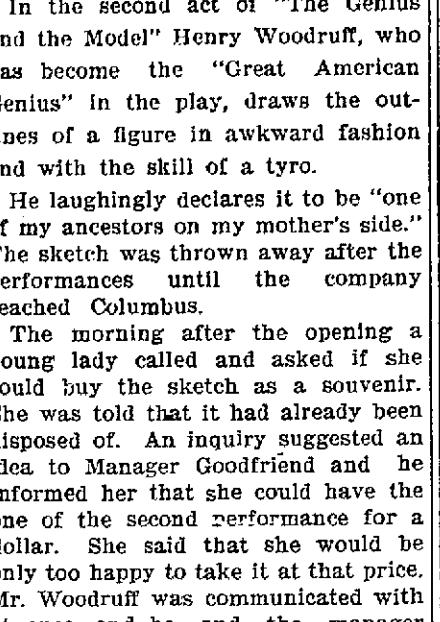

Was a Toledo Boy.

Chicago, Oct. 25.—After having
been viewed by the parents of a dozen
missing boys, the body of a boy who
was killed by a streetcar was identi-
fied as that of Roland J. Sheehy, liv-
ing in Toledo, O.

MRS. M. BRICKNER.

99 Eleventh Street,
Milwaukee, Wis.
"A short time ago I found my con-
dition very serious. I had headaches,
pains in the back, and frequent dizzy
spells which grew worse every month.
I tried two remedies before Peruna,
and was discouraged when I took
the first dose, but my courage soon
returned. In less than two months
my health was restored."—Mrs. M.
Brickner.

The reason of so many failures to
cure cases similar to the above is the
fact that diseases peculiar to the
female sex are not commonly
recognized as being caused by catarrh.

Female Trouble
Not Recognized
as Catarrh.

Catarrh of one organ is exactly the
same as catarrh of any other organ.
What will cure catarrh of the head will
also cure catarrh of the pelvic organs.
Peruna cures these cases simply because
it cures the catarrh.

If you have catarrh write at once to
Dr. Hartman, giving a full statement
of your case, and he will be pleased to
give you his valuable advice gratis.

General Strike Probable.
Fall River, Mass., Oct. 25.—Al-
though the Fall River Textile council,
which held a special meeting to con-
sider the refusal of the Manufacturers'
association to grant a direct wage in-
crease of slightly more than 14 per
cent, made no recommendation to the
various unions, the indications point
to a general strike before the close of
the month. Special meetings of the
unions will be held tonight to vote on
the question of leaving the mills.

GOV. PENNYPACKER

Declines to Interfere in Suit Brought
Against Agent of Swift Company
in Philadelphia.

MRS. M. BRICKNER.

Harrisburg, Pa., Oct. 25.—Governor
Pennypacker declined to interfere in
the suit brought by State Dairy and
Food Commissioner Warren against
William J. Hall, agent for Swift &
Company, in Philadelphia, on the
charge of selling sausages adulterated
with boracic acid. President Swift,
accompanied by his attorney, ap-
peared before the governor and asked
for the withdrawal of the prosecution.
Commissioner Warren, who was pres-
ent, with Secretary of Agriculture
Critchfield, declared that the adulter-
ated sausage had been sold to contrac-
tors furnishing meats to the national
government, and that the suit against
Hall was brought at the instance of
Secretary of the Navy Bonaparte. The
case will be tried in Philadelphia on
Nov. 2.

DISCREPANCY

Found by a Bank Examiner, and an
Investigation Follows.

Pittsburg, Pa., Oct. 25.—Bank Ex-
aminer John B. Cunningham, while
making an examination of the Bank
of Pittsburg, N. A., found a discre-
pancy between the reports made to the
comptroller of the currency by the
Bank of Pittsburg, N. A., and the En-
terprise National bank of Allegheny,
which led to the closing of the latter
institution. Acting Attorney General
Hoyt has directed the United States
attorney, John M. Denkle, to make a
thorough investigation into the affairs
of the Enterprise National bank with
a view to criminal proceedings if the
evidence warrants such a course.

Wants Son Removed.
St. Paul, Minn., Oct. 25.—Eric Erick-
son filed with Governor Johnson a pe-
tition asking that his son, Charles M.
Erickson, sheriff of Rosseau county,
be removed from the office. Governor
Johnson wired Sheriff Erickson to
place his office in charge of his depu-
ty, A. T. Allenson, until his father's
charges could be investigated. Erick-
son says in his petition that his son
has been drunk almost continuously
since elected. The father also charges
the embezzlement of \$300 collected on
an execution by his son, which he had
to pay.

Brakeman Killed.
Akron, O., Oct. 25.—M. J. Doran, 28,
of Auburn, N. Y., a brakeman on the
Pennsylvania railroad, fell between
two cars and was crushed to death.

Brewers Close Dives.
Kansas City, Mo., Oct. 25.—The
brewers ordered joint keepers in Kan-
sas City, Kan., and the suburbs of Ar-
gentine, Armourdale and Rosedale, to
close, and most of the 200 saloons in
these places respected the order.
What the state and county officials
have not done in years the brewers
have themselves accomplished within
24 hours. Most of the joints are
owned by the breweries. The others
can secure no more beer and their
supply is almost exhausted.

Accused of Robbery.
Chicago, Oct. 25.—George Webster,
said to be a son of well-to-do parents
living in Buffalo, N. Y., and nephew
of a former governor of Missouri, was
captured by the police after a pistol
fight in a little room at 190 Wells
street. He is charged with robbery
and is alleged to have a long criminal
record.

Consuls Come Home.
New York, Oct. 25.—J. Martin Mil-
ler, United States consul general at
Auckland, New Zealand, and Marshall
Halstead, United States consul at Bir-
mingham, England, were passengers,
arriving here from Antwerp.

TEN EARS

(Continued from Page One.) The introduction of the eight-hour system on the isthmus seems a lamentable mistake, and one which adds about 25 per cent to the labor cost of the work.

"The whole line is cluttered up with abandoned French machinery, the cost value of which is said to reach \$30,000,000. This machinery is valueless, out of date, and the efforts to use it have proved disastrous because had it been recognized in the beginning that better appliances must supersede the devices which were modern 20 odd years ago orders would then have been placed for the best machines of our day, and they would have been arriving now in such quantities as the needs of the work calls for. I cast no reflection on the work of the French. They left behind them evidences of engineering skill and successful battles with difficulties which convince me that if the honest workers had been sustained and the vast sums which were diverted into robber channels had been legitimately applied it might today be the mission of the United States only to enlarge the Panama Canal, which would have become inadequate for the traffic seeking it.

"As to the feeding of the men: On my last day in Panama, after hours of tramping in the rain through the mud of the Culebra cut and laboriously climbing up the jungle-clad hills, I arrived with two others of our party at a Government hash-house. We went in unannounced and ordered dinner. There was no delay in serving, and there was reasonable variety of well-cooked, wholesome food, better than I have found in 75 per cent of the many contractors' camps in which I have eaten in the last 27 years. The charge for this board is 25 cents per meal, or \$22.50 per month.

"The hospitals are a source of just pride to our people. If sickness could ever be regarded as a boon it may be so thought of it in Ancon and Colon. One of the privileges of our trip was to meet Colonel Gorgas, whose work as medical director places him in the front rank of that noble profession which honors him for the honor he has won for it.

"You will no doubt have seen statements which purport to have come from members of our board of consulting engineers foreshadowing our report. All such statements you can set down as manufactured. Our report, or our reports, should we fail to agree, will embody our convictions as to the best type of canal, its probable cost and the reasonable time with which we believe that the waterway can be constructed. Until we are ready to make our official statement and sign our names to it, we are not giving out individual statements relating to any of the fundamentals of the project."

PANAMA CANAL.

Member of Consulting Board of Engineers Airs His Views.

Washington, Oct. 25.—The isthmian canal commission made public a letter written by Isham Randolph, a member of the board of consulting engineers of the Panama canal, to Zina R. Carter, president of the sanitary district of Chicago, which embodies the views of Mr. Randolph concerning canal matters. He has recently returned from a visit to Panama with other members of the board, and his opinions are interesting and in view of the publication of the letter by the commission may be considered semi-official. In his letter Mr. Randolph says: "What we do know is that it can be done; that Americans can do it; and that in as short a time as so stupendous an undertaking can be put through. We do know that almost limitless resources await the demand of the builders, and that the builders represent the highest grade of American engineering talent. Hence we may reasonably look for the size of the great ocean freighters from the Caribbean to the Pacific before our calendars are headed 1915." He predicts the labor problem will be solved, though he says the introduction of the eight-hour system in the isthmus seems to be a mistake.

CLEANLY WOMAN.

Erroneously Thinks by Scouring Her Scalp That She Cures Dandruff.

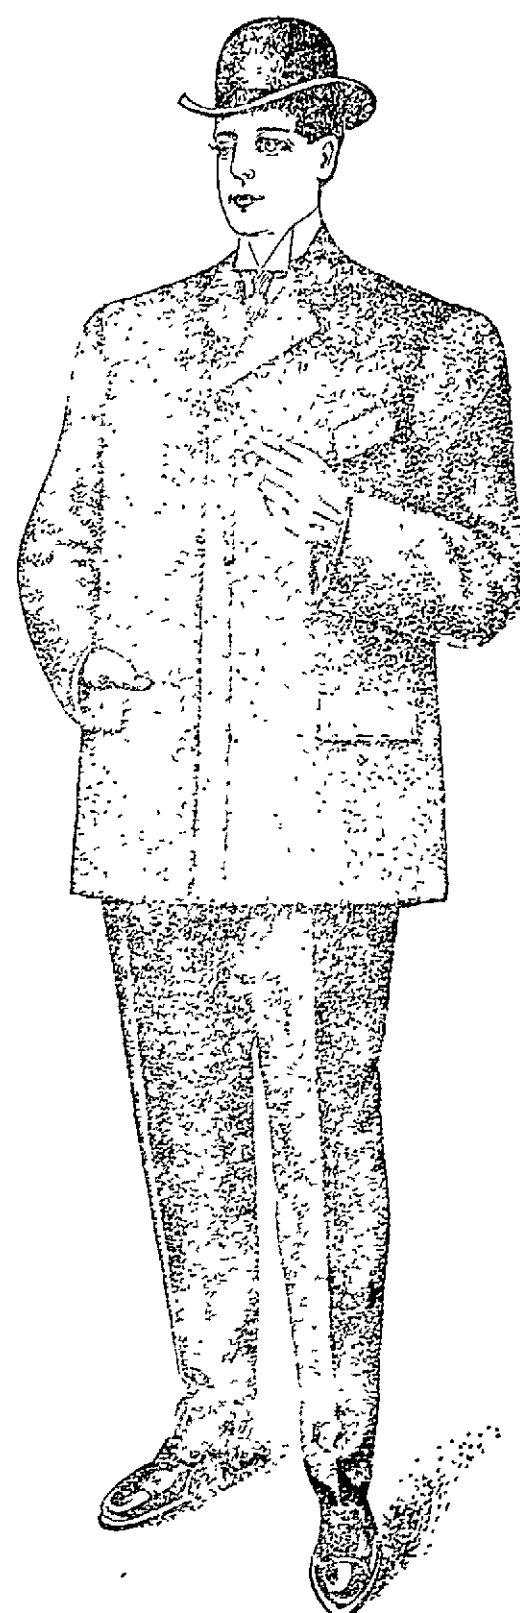

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff for life long, accompanied by falling hair. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newb's Hair-o-Gee. It kills the germ by killing the dandruff. It leaves the hair free to grow as healthy. Nature intended. Destroy the cause, you remove the effect. Kill the dandruff germ with Hair-o-Gee. Get it by killing the dandruff. DR. COLWELL

Approves Fight Instituted for Clean College Sports

SUGGESTS REMEDY FOR EVIL

PRONOUNCES BIG SIX RULES GOOD FOR NOTHING

Wants Every Football Player to be Scholar in High Standing--Would Drop Big Six Rules Entirely.

Dr. R. S. Colwell, chairman of the Board of Control of Denison Athletics talked to the Advocate Tuesday night concerning the crusade started by the Cleveland paper for clean college sports. He expressed himself as being heartily in favor of the movement and stated that he would do all in his power to help the matter along. He also gave the remedy for the evil of professionalism.

Dr. Colwell said: "I most heartily approve of the movement started by the Cleveland paper. The situation is most uncomfortable. If the members of the faculty of the various colleges would not be so anxious to see a winning team represent their school, and offer no inducements for the football and baseball players to attend their schools, the evil would soon be eradicated."

"I will not permit a man to be on the Denison team who in any way does not conform with the Big Six conference rules, at least when Denison plays the Big Six schools."

"There is but one remedy. All these Big Six rules amount to nothing. The only thing to be done is to drop them and place every man who wants to enter athletics on his merit as a scholar."

The suggestion is a good one. The athletic association should compel every player to reach a certain average in his studies and but few of the so-called professionals will remain in the schools. It has been charged that Captain Hoyer of Ohio State was asked by the athletic board of the school to attend school during the summer in order that his work might be as light as possible this fall and permit him to devote more of his time and attention to football.

There would be the evil. These alleged professionals would either study all summer in order to be able to keep up with their classes or else there would be some sort of deception to keep the men in the game.

The real professional is not necessarily the man who receives pay for playing football, basketball or baseball so much as it is the man who goes to school merely for the purpose of entering athletics alone. In a high

school for instance there is a chance for professionalism. The player of recognized ability will enter school in the fall and perhaps will study during the first two or three months just to keep up with the classes that he might play football. After the Thanksgiving game he withdraws and works in a blacksmith shop or on the farm. There is as much professionalism in such playing as though he drew a salary for his services as an athlete.

The colleges really have no right to dictate as to what the baseball or football players do during the summer months, while out of school. Many a poor young man who wants to attend school, can perhaps make a better salary at playing baseball during the three months he is idle than he could working in a store. Why don't they rule out this man or that one because he draws a salary for keeping books during the summer or because he sold shoes or clothing over the counter?

In many cases these alleged "tainted" players are bona fide students and have a perfect right to play whether they have received pay for this or that during their idle months.

TO OUST O. S. U. IS LATEST MOVE

REPORT PRINTED IN COLUMBUS SAYS DENISON WILL BE SUBSTITUTED.

Rumor However, lacks Confirmation--Is No Doubt a Wild Story--A Poor Plan.

Columbus, O., Oct. 25--A local paper has received a reliable tip that at the meeting of the "Big Six" coaches last week a quiet scheme was hatched out and started to get the boards of other Big Six schools to throw Ohio State out of the organization. The information comes from such a straight source that it cannot be overlooked. The strange part of it was that after the trouble with Denison was patched up this school was mentioned as the one to be taken instead of Ohio State in case the deal should be consummated.

Ohio State perhaps will notice a flea now and brush it aside. This will be the extent of the hurt if it comes to pass. The snap of a finger will fill her schedule with good eleveners. She can pay the price to bring teams here and arrange return games alternating in years. The time has come when the school or body of schools which takes such action will have little to gain. Kenyon depends on the Ohio State game largely to pay her coach of the season. Oberlin and Case also make a large share of their money in this annual contest. It looks like a boom-crash, this action.

Louisville, Ky., Oct. 25--Marvin Hart, the champion heavyweight pugilist, yesterday accepted the offer of the Colma club of San Francisco for a match with Al Kaufman. Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet. Home of Swamp-Root, Inc., 371 Madison Ave., New York. Thousands of testimonials letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Don't make any mistake, but remember the name Swamp-Root. Dr. Kilmer's Swamp-Root and the address, Binghamton, N. Y., on every bottle.

LIVED TOGETHER ELEVEN YEARS

LEDERER FLASHED A ROLL AND THEN DISAPPEARED SAYS HIS WIFE.

Divorce Petitions Filed -- Lingafelter Case--Business in Common Pleas. Court House Affairs.

After travelling the pathway of life for more than eleven years as man and wife, a petition for divorce has been filed in the Probate court by Magdalene L. Lederer against her husband, Charles A. Lederer. Two children are now living as the fruit of the marriage. The papers were filed by attorneys Smythe & Smythe. Plaintiff says that defendant abandoned her on October 15, 1905, saying to her "Good bye, Mrs. Lederer (exhibiting a large roll of bills) I have got money and you have none. There are two months rent due and you have got nothing to pay it, and you will be set out." Saying, "I don't care a -- for you or the neighbors or for any one else; I care only for myself." Plaintiff also charges the defendant with cruelty, and failure to provide. The asks for custody and control of the children.

Davis vs. Lingafelter. In the case of Rachel Davis vs. Jas. F. Lingafelter and others, Link C. Russell, as administrator with the will annexed of Eli Davis, deceased, has filed his answer and cross petition. Plaintiff says that Eli Davis died on the 25th of February, 1904; that defendant was the owner at the time of his death of certain certificates of stock and promissory notes described in the petition; that decedent died testate, making disposition by his will of all of said property; that decedent died leaving the plaintiff, his widow, and Ada Hannum, his heir and the sole legatee under the will, nothing having been left the widow in the will; that plaintiff, as his widow, is entitled to the statutory distribution and her share therein; that said Russell, as administrator, is entitled to the property for administration, and Russell denies that Hannum is the owner of the property by assignment or otherwise, and also denies that plaintiff is the owner thereof. Russell asks that the court order the notes and certificates to be delivered to him as the administrator for administration, according to law, and that he have judgment for his costs. Lewis C. Russell and Jones & Jones, attorneys for Russell, administrator.

Swift Divorce Suit. Lena M. Swift by her attorneys, Smythe & Smythe, has commenced a suit in the Probate court for divorce from Geo. T. Swift. They were married on January 27, 1901, and have no children. The wife alleges failure to provide, abandonment, infidelity and extreme cruelty.

Van Fossen Divorce Case. Statia S. Van Fossen, after having lived with Charles C. Van Fossen for over seven years, has concluded that she would rather travel the pathway of life alone than live any longer with her husband. Mrs. Van Fossen charges her spouse with extreme cruelty. She says that on one occasion her husband shot at her with a rifle and drove her out of the house. She also says that he threatened to cut out her heart. The parties are the parents of one child of which Mrs. Van Fossen asks the custody. Smythe & Smythe attorneys for the plaintiff.

In Common Pleas. The case of Sadie Hurd vs. C. R. Parrish et al. is on trial to the court and jury Wednesday, Judge Duhamel of Mansfield, presiding. The suit grows out of a conditional sale of certain household goods. Swartz, Daugherty.

CAPT. ROUDEBUSH WILL PLAY CASE

Coach Stanton, of the Denison football eleven, stated to the Advocate this afternoon that Case's objections to Captain Roudeshush were withdrawn, and that he would be permitted to play in the game at Cleveland, one week from Saturday. WOMEN'S NEGLECT

SUFFERING THE SURE PENALTY

Health Thus Lost Is Restored by Lydia E. Pinkham's Vegetable Compound.

How many women do you know who are perfectly well and strong? We hear every day the same story over and over again. "I do not feel well; I am so tired all the time!"

Miss Kate McDonald

More than likely you speak the same words yourself, and no doubt you feel far from well. The cause may be easily traced to some derangement of the female organs which manifests itself in depression of spirits, reluctance to go anywhere or do anything, backache, bearing-down pains, flatulency, nervousness, sleeplessness, leucorrhoea.

These symptoms are but warnings that there is danger ahead, and unless heeded a life of suffering or a serious operation is the inevitable result.

The never-failing remedy for all these symptoms is Lydia E. Pinkham's Vegetable Compound.

Miss Kate McDonald, of Woodbridge, N. J., writes:

"I think that a woman naturally dislikes to make her troubles known to the public, but restored health has meant so much to me that I cannot help from telling mine for the sake of other suffering women."

"For a long time I suffered untold agony with a uterine trouble and irregularities, which made me a physical wreck and no one thought I would recover, but Lydia E. Pinkham's Vegetable Compound has entirely cured me, and made me well and strong, and I feel it my duty to tell other suffering women what a splendid medicine it is."

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write to Mrs. Pinkham, Lynn, Mass., for special advice—it is free and always helpful.

HOW TO CURE INDIGESTION

Indigestion is due to a weakened stomach. The stomach is unable to supply the elements necessary to digestion. Indigestion brings on an almost endless train of ills, with the result of a depleted system and the afflicted one given to imagining that he has every disease on the calendar.

THE IDEA IS TO SET THE STOMACH RIGHT.

To go after the cause and cure it. In order to do this it is necessary to employ a remedy that contains all the digestive elements—one that will dissolve (digest) the food in the stomach and convert it into good blood.

DR. JACKSON'S DIGESTIVE AND LIVER POWDERS

Take up the work of digestion at once. They dissolve every atom of food and rid the stomach of all germs and foreign matter. So potent is this remedy that relief is given with the first dose.

POLITICAL GRAFT

IN AMERICA

OBSERVATIONS BROUGHT OUT AS RESULT OF THE REFORM MOVEMENT.

Never Before Have People Been So Aroused as They Are Today. Why Is It So?

Aroused by the appalling disclosures in the three great life insurance companies of this country, precipitated by Thos. W. Lawson, who more than a year ago, told of this deplorable condition of affairs and whose assertions have been more than substantiated by the legislative investigation now in progress in New York, moved by the fight against graft in Missouri led by Governor Jos. W. Folk, in Philadelphia by Mayor Weaver, in Cleveland by Tom L. Johnson, in Wisconsin by Gov. Lafollette, in New York by Jerome, and stimulated by Secretary of War W. H. Taft's Akron speech denouncing George B. Cox, the Republican boss of Ohio, which created a sensation throughout the country as voicing the administration's view of the present campaign in Ohio, "C. P. K." of this city, has just penned the following timely observations on Political Graft:

Never in the history of our country has the body politic been so thoroughly aroused as it has been during the past few months. Corruption in high places has been carried on so insidiously of late that our thinking masses have not been aware of this gigantic evil which has assumed such mammoth proportions, and is threatening, as it were, the very life of the republic. Men high in office, who have been invested with places of high trust, and great responsibility, have proved themselves recreant to the trusts reposed in them, and are under the light of recent disclosures being brought to the bar of justice, and are reaping their just deserts at the hands of an indignant public. Our republic, which was founded by our forefathers, and which had for its cornerstone, justice, honesty and equality for all, has been trailed in the dust, and if something is not done to stem the tide of political corruption which is now so common in high places, the foundations upon which our republic were laid, will, and must of necessity, crumble and fall.

We are by no means an alarmist, nor are we what might be called in common parlance a pessimist. On the contrary we are a firm believer in our republican institutions, and take an honest pride in her past glory, nor do we believe as do many, that republics are a failure. On the contrary, we know that when properly managed that our country is the grandest under the sun. One of the watchwords of our ancestors was "eternal vigilance is the price of liberty," and if we take heed to this grand old maxim of our fathers, and see to it that only those of high moral character shall be placed in high and responsible positions of trust, we may have no fears as to the stability of our institutions.

Unfortunately, of late, however, we have lost sight of this great principle, and men wholly unfit for places of trust have been and are now stealthily undermining the foundations of our government. So great and glaring have these corruptions become in high places that our people are more thoroughly aroused to the evils of this state of affairs never before known in the history of our country. Men, pure and patriotic, irrespective of past party affiliations, are arising in their might and are combining to put down those who are using the public patronage for their own selfish aggrandizement. It is high time we think, when all good citizens who love their country, and are in favor of a "square deal" should see to it that men only of the highest integrity should be placed in offices of responsibility and trust. If the sacredness of the ballot, which is the palladium of our liberties is no longer to be respected, and the ballot box is allowed to be padded and stuffed at will, by a pack of unprincipled scoundrels and unprincipled politicians, it will not require a prophet to foretell what will be the inevitable result of all such dastardly proceedings. It cannot help but result in anarchy, bloodshed and eventual destruction of our liberties. The coming election is one of vital importance, and it is to be hoped that all good citizens will unite in their efforts to elect men with clean hands to responsible positions, and "hurl from power" those who are now posing as political reformers, whose moral characters will not bear scrutiny, and who are today fattening on their ill-gotten gains at the expense of an unsuspecting public. The day of "graft" in our opinion is rapidly drawing to a close, and men of character, irrespective of party lines, are uniting and are determined to "hurl these miscreants from their high places," and substitute men of clean hands and pure lives to manage the affairs of both the state and nation. It is an old adage

"This is a sin to rob a henroost of a hen, but stealing millions makes us gentle men."

Mr. Dewey says he is opposed to insurance companies making contributions. Of course, he does not refer to contributions to individuals.—Los Angeles Express.

OLD SORES SURE SIGNS OF BAD BLOOD OFTEN LEAD TO CANCER

The deep, underlying cause for every old sore is a bad condition of the blood. This vital fluid is not pure and healthy, but has become infected with some germ or poison which prevents the place from healing. These poisons in the blood may be the result of an inactive or sluggish condition of the system, leaving the refuse matters in the body to be absorbed into the circulation, instead of throwing them off through the usual channels of nature. Another cause is the weakening or polluting of this life stream by the remains of some constitutional trouble, or the effects of a long spell of sickness.

When the blood is in this condition, a great running sore or deep offensive ulcer may develop from a slight scratch, bruise or pimple; a harmless looking wart or mole, roughly handled, often becomes an ulcerating spot which may degenerate into Cancer dangerous and destructive. Persons with inherited blood taint are also apt to be afflicted with sores and ulcers. Being born with an unhealthy blood supply, the different parts of the body are never fully nourished, and when middle life is reached or passed, the tissues in some weak point break down and a chronic sore is formed, and kept open by the poisons in the blood.

How aggravating and stubborn these sores and ulcers are is best known by those who have treated and nursed one for years, applying salves, lotions, plasters, etc., with no good results. The place remains and continues its work of destruction by eating deeper into the surrounding flesh; festering, discharging, requiring constant attention, and undermining the general health by its action on the system. One of the most common evidences of impure blood is dry sores, which are usually on the face. These continue sometimes for years with apparently no change, the scab dropping off and re-forming at intervals; but when the vital energies begin to weaken, the place grows red and tender, a slight discharge commences, it takes on an angry, inflamed appearance, and usually terminates in Cancer.

It is a waste of valuable time to treat these places with external applications and expect a cure. True these keep the parts clean and are beneficial in this way, but they do not reach the real trouble. You may glaze the surface over with them for awhile, but the poison is at work deeper down, and constantly eating nearer the vital parts and damaging the entire health. The practice of cutting out the diseased parts and scraping the bone is often resorted to, but even these severe measures do no good. The sore may be removed, and for a time heal over, but the same poison which produced it the first time is still in the blood, and it will return, because **THE BLOOD CANNOT BE CUT AWAY.**

The only treatment that can do any good is a competent blood purifier—one that goes to the very root and removes the cause, and for this purpose nothing equals S. S. S. It begins at the fountain-head and drives out all poisonous matter and germs; freshens and strengthens the deteriorated blood and makes a lasting cure. As soon as the system gets under the influence of S. S. S. the sore begins to improve, the inflammation gradually leaves, the discharge grows less and less, the flesh takes on healthy color, a scab forms, and when it drops off the place is permanently healed. S. S. S. is purely vegetable, and while cleansing the blood, it builds up the entire system by its fine tonic effect. If afflicted with an old sore or ulcer, do not waste time with experimental remedies and risk its becoming a Cancer, but get the poison out of your blood with S. S. S. Write for our special book on Sores and Ulcers, and any medical advice desired, will be furnished by our physicians, without charge.

COMMITTEE AT SPRINGFIELD, OHIO

INVESTIGATING PROPOSITION TO
LOCATE PLANT IN
NEWARK.

Licking County Already Has About
Three Hundred Stockholders in
This Big Company.

A committee of men consisting of E.
W. Clayton and W. C. Wells, repre-
senting the executive committee of the
Board of Trade, and several other
men, George D. Orr, Amos Coad, T. C.
Jury, Frank Davis, Maurice Watkins,
P. S. Phillips and W. E. Miller, went
to Springfield Tuesday to hear the
proposition of the Whiteley Farmers'
Harvesting Machine company relative
to locating a big plant in Newark.

The main plant is located in Spring-
field and it is the intention of the com-
pany to locate others in different
parts of the country, and it is hoped
to secure one for this city.

There are already about 300 sub-
scribers for stock in Licking county.
Mt. Vernon, Bucyrus and Lancaster
also had committees in Springfield,
who listened to the exposition of the
idea, and each of these cities will also
endeavor to have a plant located there.

FARMER'S BREAK

Efforts of Patrick McGrath to "Live
Things Up" Succeeded, But He
Is Now in Jail.

Chicago, Oct. 25 — The efforts of
Patrick McGrath, a farmer of Chester-
ton, Ind., to "live things up a bit,"
proved a success in that town, and he
is now in jail. McGrath found things
too dull for him, and noticing an en-
gine standing on the tracks of the
Lake Shore road announced that he
would bet 25 cents that he would
waken up the town inside of 10 min-
utes. The wager was taken and Mc-
Grath climbed aboard the engine and
pulled the throttle to the last notch.
The engine darted down the track and
tore into a train of freight cars in
which a number of Italians were eat-
ing their dinners. Four of the cars
and the engine were smashed and four
of the Italians seriously but not fatal-
ly injured. McGrath escaped with but
a few injuries.

GYPSY WEDDING IN NEWARK

SAME PARTIES WERE MARRIED
YEAR AGO IN THE STATE OF
PENNSYLVANIA.

Ceremony Performed by Justice Atch-
erley—Mitchell Lewis Paid \$2000
For One Wife.

As a culmination of the trouble that
has existed between two tribes of
gypsies that have been camping on the
outskirts of this city for several weeks,
Mitchell Lewis, a well built young
gypsy, and Mary Western, a comely
lass of the same tribe, were married
Wednesday afternoon by Justice of
the Peace J. R. Atcherley. The parties
were married one year ago in Del-
aware county, Pennsylvania, Lewis
giving Mary Western's father, Steve
Western, \$2,000 for her. At the time
of Lewis' marriage he had another
wife living, but they had separated
and according to tribal custom had
given each one a writing of divorce.
Afterwards Lewis commenced a formal
suit of divorce in the Philadelphia
courts, and while the suit was still
pending, the woman whom he had first
married was married to another man,
but was burned to death in a gasoline
explosion. That of course abated the
divorce suit, but it did not legalize
Lewis' marriage to Mary Western. As
he was liable to be indicted for bigamy
he secured a license Wednesday after-
noon and was legally married to the
woman.

EMBEZZLER

Who Confesses to Theft of Eleven
Thousand Dollars May Go Free.
May Not be Prosecuted.

St. Paul, Oct. 25—Peter August
Eckland, in jail in London, England,
on his own confession that he embez-
zled \$11,000 while secretary of the
Clay County Land company, may go
free because of the refusal of his vic-
tims to prosecute him. Secretary
Elihu Root telegraphed Governor
Johnson information from the London
embassy, stating that Eckland was in
the custody of the London police, and
asking if his extradition to Minnesota
was desired. Following the receipt of
the telegram communication was at
once had with the Clay county author-
ities, and the answer was that no com-
plaint had been made or his arrest
asked for. That he was an embezzler
of \$11,000 from the land company was
admitted as true, but no particular in-
dividual or parties could be found who
would admit suffering the loss.

EXPLOSION

In Tenement Throws Hundreds of Ten-
ants Into Panic—A Butcher
Shop Wrecked.

New York, Oct. 25.—The seven-
story tenement house on the corner of
Grand and Mott streets was shaken by
an explosion of dynamite which some
unknown person had placed on the
steps of the butcher shop on the
ground floor. The explosion threw
the hundreds of tenants in the build-
ing and in the houses adjoining into
a panic. Men, women and children ap-
peared on the fire escapes screaming
that there was a fire and begging for
help. Others fled into the streets half
clad, and that part of "Little Italy"
was thrown into a ferment of excite-
ment which lasted for an hour. The
butcher shop was wrecked.

and liberalized policies during epidem-
ics, floods and fires. It was brought
out that, while the company carried
collateral loans throughout the year,
none appeared in the annual report on
Dec. 31. This was explained by the
witness, who said that all collateral
loans were transferred on the last day
of the year to Vermilye & Company,
the bankers, under an agreement, and
were brought back again in January.
This was done, according to the wit-
ness, to avoid the horde of applica-
tions for call loans from the Wall
street district. The large loans at
such a low interest as 1 1/2 per cent,
especially the one to President John
A. McCall of the New York Life In-
surance company, were taken up, and
Mr. Hegeman spoke strongly of his
friendship for Mr. McCall, who he said
was closer than any other man to him
in insurance business, outside of his
immediate associates.
